

AVIONICS FOR GENERAL AND COMMERCIAL AVIATION  
440 W. JULIAN STREET SAN JOSE, CA 95110  
408-287-8021

**S.N. A-30.1**

**August 31, 1999**

**Re: Maximum capacity of the A-30 encoder interface lines.**

**Applicable to all serial numbers**

**The transistors used in the model A-30 altitude (lines C1 through A4) are capable of continuously sinking a positive voltage of up to 42 volts at 75 mA.**
